

School Year Programs

September - May annually

Parent's Night Out (PNO)

- Designed for children (aged 6 months-13 years) with special needs and their siblings
- Children participate in enrichment and recreational activities
- Located in San Antonio, Texas

Teen & Adult Day Adventure (TADA)

- Designed for individuals (aged 14 - 40) with special needs
- Campers socialize with peers while engaging in cultural and recreational experiences
- Located at various venues throughout San Antonio, Texas

Respite Camps

- Designed for individuals (aged 5 - 40) with special needs
- Campers spend a weekend at CAMP experiencing many of the traditional activities similar to those at summer camp

Family Weekend Retreats

- Designed for families with a member who has special needs
- Families enjoy outdoor recreation, relax, and reconnect with each other, while building new connections with other families
- Families experience many of the traditional activities similar to those at summer camp

**Strengthening and inspiring
 Individuals with special needs
 - and those who care for them -
 through Recreation,
 Respite, and Education.**

Summer Programs

May - August annually

Summer Camp

- For individuals aged 5-50 with mild to severe special needs (including medical, physical, intellectual, and developmental)
- Siblings aged 5-13 who do not have special needs may attend summer camp too
- Health care professionals (on-site around the clock) and the new Health Care Center are well-equipped for all types of medical needs
- 1:1 Camper/Counselor ratio
- Accessible facilities
- Campers experience traditional summer camp activities adapted to meet their abilities

Leader In Training

- For individuals who will be 14-years-old during their LIT session
- Designed to help prepare for potential future volunteer or staff roles
- Emphasizes learning a variety of camp-specific and leadership skills (not 1:1 with a camper), to include creating successful peer relationships, working with individuals of a variety of ages and needs, and actively participating in various job responsibilities at CAMP

Volunteer Opportunities

- Volunteers serve as buddies to the campers; supervising and assisting individuals with medical, physical, intellectual, and developmental disabilities
- Health Care Volunteers are needed each week of summer and ensure the health and wellness of our campers, volunteers, and staff

MAKE AN IMPACT

Host an Event

and spread the word!

A special and unique way to support CAMP is to host an event. There are many options that are fun and easy. Examples: donate your birthday (or another special day), set-up an "eat for a cause" event at a restaurant of your choice, host a concert (just ask us how!), and many more options. Give us a call, and we will help you set it up.

Wishes

impact the budget!

Make a contribution to CAMP while you shop! Your donation of items from CAMP's wish list goes a long way. Every item you purchase from the wish list directly impacts the campers we serve. Check out our webpage for details.

BE INCLUDED

Camperships

remove barriers!

The fee to attend a week-long session at CAMP is \$1,700. We understand the substantial expenses associated with caring for a child with special needs. Therefore, we offer families financial assistance through our Campership Program and agency funding. Additional financial assistance is available upon request.

CREATE MEMORIES

CAMP

in the Hill Country!

Camp CAMP is a 55-acre camp in the Texas Hill Country. Campers participate in traditional camping activities such as swimming, horseback riding, canoeing, archery, outdoor cooking, arts & crafts, nature discovery, paintball, music recreation, a camp dance, and more. CAMP programs alleviate medical, physical, developmental, social, and intellectual barriers for campers by adapting all recreational and social activities to allow full participation.

PLAY

in San Antonio

The San Antonio facility is designed to be an accessible play space that breaks down barriers to physical access and social participation. This inclusive space includes a sensory room, quiet reading room, large activity room, and outdoor playground. The San Antonio facility is located at Lackland Air Force Base, and all programs hosted here are open to both military and civilian families.

Health Care Volunteers

make it possible!

- Health care professionals assist in medication administration and meeting the general healthcare needs of campers
- The largest need is during the 9 weeks of summer camp, however, school-year programs require health care volunteers too
- CAMP partners with physicians, RNs, pharmacists, respiratory therapists, and other health and allied health professionals (as well as with students/trainees in these disciplines) to make programs possible
- During select summer sessions, continuing education courses are offered and CMEs, CNEs, or CEUs may be earned through the Developmental Disability Reality Course (DDRC)

Volunteers

make it happen!

- Volunteers are accepted by application (aged 15 years and older) and must meet basic eligibility requirements
- Staff train volunteers so they are well-equipped before working with campers
- Volunteers learn leadership, career, and life skills while sharing compassion and enthusiasm with a camper
- Service hours are available for each program
